

## THE LAW OF SAFETY.

**Starving Women With Three Children Kill Two to Save One.**

**London Journalist Cables That Turkish Atrocities Are Underestimated, and That Europe Is Bound to Intervene. Massacre Confirmed.**

London, Sept. 18.—The Westminster Gazette, says a well known London journalist, cables from Bulgaria as follows:

"Starting with pro-Turkish sympathies, I have found overwhelming evidence convincing and proving that the Turkish atrocities are rather underestimated in the reports of British consuls. A banker and unprejudiced, tells me he knows cases of starving women in the forests killing two of their own children to preserve the third. The forest wanderers will all perish with cold within two months. 'Europe,' adds the Westminster Gazette, dealing with the Kastoria reports, 'is bound at once to intervene, whether by conference or by concert.'

**MASSACRE**  
Of People of Kastoria, 10,000 in Number, Was Indescribable.

Sofia, Bulgaria, Sept. 18.—Further reports from Kastoria say the city is burning and that the massacre of its population (estimated to have numbered 10,000 persons) was indescribably terrible. The Turks slaughtered indiscriminately Bulgarians, men, women and children.

**Insurgents Win.**  
Sofia, September 18.—A Turkish war balloon is reported to have been seen on the last three days close to the Bulgarian frontier in the vicinity of Haskovo.

A severe fight has occurred at Chirpan in the mountains of Arrato, between 2,000 Turks and 8,000 insurgents. It continued for eight hours. The insurgents used bombs with a deadly effect. About one hundred of the Turks are reported to have been killed and many were wounded. The insurgents had two men wounded.

A fight is reported to have taken place at Ruzic Pass, near Sere. Insurgent bands recently surrounded and annihilated a whole company of Turks. The hands then fled to the mountains. Three battalions of the

Turkish troops have been sent from Salonica to pursue them.

A small body of peasant refugees, near Presba, who were starving in the mountains, started to seek for food. At Kakalets, they were met by the Turkish soldiers who killed them all and horribly mutilated two women.

**Number Is Growing.**  
St. Petersburg, Sept. 18.—Later official reports from Comel, in the government of Moghilloff, where fighting between Christians and Jews arose Sept. 11, increase the death list of the Jews to five. About 200 houses were destroyed and 48 arrests were made.

### GERMANY

**Holds in View Four Points in the Balkan Situation.**

Berlin, Sept. 18.—The German government holds in view four points in the Balkan situation:

"First, does Russia regard that the time for the break up of European Turkey has arrived? The German ministers have been unable to penetrate Russia's ultimate intentions and note with displeasure the concerted attacks of the St. Petersburg papers on Germany, which is described as being in the background and taking pleasure in the extirpation of the slave in European Turkey.

Second, if Prince Ferdinand is persuaded that his throne is dependent on a war with Turkey, then war is certain. Every effort should be made to tranquillize Prince Ferdinand's mind.

Third, the meeting of the sovereigns attended by their foreign ministers are expected to clear up the obscurities in the situation and enable German statesmen to forecast the future.

The emperor of Germany and Austria, meet at Vienna today. The czar meets Emperor Francis Joseph, Sept. 29, and will then visit the king of Italy.

Events are expected to remain unchanged until after these visits, unless Bulgaria refuses to wait.

Despite the fact that the Balkan situation has grown worse, Turkish funds rose again on the Bourse today.

Mrs. Saunders first appeared before the public fifty years ago. Her name on the stage, was Anderson, and she is a cousin of Joseph Jefferson, and of Wm. Warren, the character actor. Her rendition of old women's parts was considered without a peer.

**Pennsylvania Bank Creates Excitement in Pittsburg by Interest Offer.**

Pittsburg, Sept. 18.—Considerable interest was created among Pittsburg bankers today, by the announcement of the Second National bank, at Con-

sville, Pa., one of the strongest institutions of the coke region, had deposited on Tuesday, to hereafter pay percent interest on savings accounts. The purpose of the officials to induce those who have been

boarding wealth at home to place the money in banks. Unusual demand for money inspired the launching of the new plan. It is claimed that the action of the Connessville bank in paying five per cent, is the first taken since the rebellion by any banking institution in the United States. Pittsburg bankers do not fear any disturbance of money conditions as a result of the increased rate.

Mahanoy City, Pa., Sept. 18.—The Mahanoy City colliery, of the Philadelphia and Reading Coal and Iron Co., employing 800 men, was closed down today, owing to the unsafe condition of the mine.

## GASOLINE EXPLOSION.

**Young Somaambulist Turned It On While Asleep, With Fatal Results.**

St. Louis, Sept. 18.—Mrs. Mary E. Jahn and her 13-year-old daughter Pearl died today from burns caused by gasoline, and Hardy, the ten-year-old son of the woman, who turned the explosive fluid on in his sleep cannot live. The boy had been in the habit of helping his mother about the stove during the day. He was a somnambulist and in his sleep last night turned on and lighted the stove. A fire resulted that burned Mrs. Jahn and Pearl, who ran to the boy's aid.

### INDIFINITELY CLOSED.

Shamokin, Pa., Sept. 18.—The Cameron and Luke Fidler collieries, owned by the Mineral and Mining Co., employing 2500 men, have been closed down indefinitely today, owing to the dull coal trade.

## WORST FLOOD FOR A DECADE.

**Thousands of Acres Along River Submerged, and Water Still Rising.**

La Crosse, Wis., Sept. 18.—The worst flood experienced in this portion of the Mississippi valley for years is submerging thousands of acres of farm lands along the river, sweeping away stacks of hay and grain, drowning live stock and doing incalculable damage.

The flood has reached La Crosse and the lower side. Fifty families have been forced to move out of their homes. This morning the river had overflowed the Chicago, Milwaukee and St. Paul tracks on the levee and goods were being moved out of the lower floors of a long lot of wholesale houses, where it is expected the water will enter by tonight. The river is still rising half an inch an hour.

Today the stage was 12.5, a half foot above the danger point. The mill dam and part of the mill at Mishamokwa are washed away; at Mondové both mill dams are out and much live stock drowned.

Communication with the rural districts in this vicinity is entirely cut off owing to innumerable bridges being washed out. Three saw mills in this city have been forced to stop work and thousands of dollars worth of lumber and wood piled up in the yards is in danger of being washed away.

The local weather observer predicts that the river will rise nearly a foot more at this point.

### LOGICAL SEQUENCE.

Aberdeen, Scotland, Sept. 18.—Prof. Alexander Bain, formerly Lord Rector of the university here, and for twenty years professor of logic and English literature, is dead.

## ELEVEN WITNESSES HEAR SHOTS.

Cynthiana, Ky., Sept. 18.—In the trial of Curtis Jett today, for killing Town Marshal Thomas Cockrell, 11 witnesses testified that they heard the shots fired and immediately afterward saw Jett come out of the court house, thus corroborating those of yesterday. Harrison Blanton said he heard Jett say:

"This is the forty-fifth that I laid low and I'll visit my kin folks." Noah Peters and Robert Blake described Jett's actions after the shooting when he came out of the court house.

## PETER STILL A LIVING MAN.

**Story of Assassination Traced to Ex-cited Condition at Belgrade.**

Paris, Sept. 18.—An unconfirmed rumor was circulated on the Bourse here today that King Peter of Serbia had been assassinated.

### REPORT

Was Attributed to Excited Conditions at Belgrade.

Paris, Sept. 18.—The foreign office has no information regarding the rumored assassination of the king of Ser-

bia. The report reached the Bourse here through an agency dispatch from Antwerp, saying a report that the king had been assassinated was current there and it caused considerable excitement and depression on the Bourse, owing to the absence of official information. The report was eventually attributed to the excited conditions prevailing at Belgrade. The evening newspapers here published the report, but did not attach any seriousness to it.

## COLD BLASTS TOUCH GRAIN.

**Frost Was Prevalent Over Middle and Western States Last Night.**

Kansas City, Sept. 18.—The weather conditions throughout Kansas and Western Missouri last night, were much the same as on the previous

night, except that the thermometer did not register quite so low a figure. The sky was clear and frost occurred at several points, but was not severe enough to kill. The mercury at Kansas City registered 48 degrees at 6 o'clock this morning. It is not believed that the corn is damaged to any great extent. The local weather indications for this section are for a warmer weather. Springfield, Mo., reports a temperature of 42 degrees with frost. In Kansas, frost prevails at Manhattan.

**Corn Escaped.**  
Bloomington, Ill., Sept. 18.—Reports from all sections of central Illinois indicate that while there was a heavy frost, the first of the season, the corn escaped.

**Cold and Clear.**  
St. Louis, Mo., Sept. 18.—No frost was reported by the weather bureau in this vicinity, although the weather was cold and clear this morning. The temperature which was 47 degrees at 7 a. m. is rising.

**Got Away Down.**  
St. Paul, Minn., Sept. 18.—A light frost touched St. Paul, Minneapolis, Green Bay, Wis., and Davenport, Ia., last night, but no damage was done.

The weather forecaster says the temperature in St. Paul last night, was 38 and 40 in the country.

**Hot Chicago Chilled.**  
Chicago, Sept. 18.—At seven o'clock this morning, a heavy frost prevailed here and in northern Illinois. The local temperature was 41 degrees. Considerable damage is believed to have been done to corn.

**Omaha, Neb., Sept. 18.—No frost was perceptible in Omaha this morning and the temperature at 7 a. m. was about 50 above. There was a moderation over the state during the night, and it is not believed the predicted frost appeared at any point.**

**Whiskey Didn't Freeze.**  
Peoria, Ill., Sept. 18.—The coldest weather of the season was reached during the night, when the thermometer registered 39. There was a heavy frost which did considerable damage to crops.

## A CRISIS AT HAND.

**What Will Happen Next to England No One Can Tell.**

**Liberal Organs Announce the Wreck of Tory Party, Which It Describes as Hamlet Without a Prince—The Cabinet Will Re-organize.**

London, Sept. 18.—Consternation and excitement caused by the dramatic announcement of Joseph Chamberlain's resignation of the secretaryship for the colonies prevails among all classes in the United Kingdom, to the exclusion of every other topic. The great majority of the public learned the news from the morning papers and their astonishment in many cases was so great as to prevent the expressions of any coherent opinion. The Pall Mall Gazette this afternoon aptly sums up the general feeling by describing the present crisis as the "most extraordinary in the whole history of constitutional government," adding that what will happen next no one can foresee with any degree of absolute certainty. The Pall Mall Gazette states that Premier Balfour will fill up the vacancies and carry on the government until he meets parliament in 1904. Mr. Chamberlain, also does not look for an immediate general election, expecting at least a twelve months propaganda before the electorate can decide upon his proposal.

Another rumor is current, that Mr. Balfour is unable to find men to fill the vacancies and that he will be obliged to hand the king his own resignation. This, however, does not appear to be likely. The Westminster Gazette and other papers forecast Lord Milner, the high commissioner in South Africa succeeding to the colonial office and it is definitely announced that Lord Stanley, financial secretary to the war office, and probably James Lowther, deputy speaker, will be among those promoted to the cabinet, but the details of its reconstruction are not likely to be known until Mr.

Balfour has seen the king. Almost every paper has its own candidates for the various vacant offices, but few of the prophecies coincide. The attitude of the Duke of Devonshire, lord president of the council being unknown to the public creates further uncertainty.

Lord Rothchild's statement yesterday to the Associated Press, however, can safely be taken as an indication that the duke intends to support Mr. Balfour at any rate until parliament meets.

The government organs frankly admit that Mr. Chamberlain's withdrawal came as a bombshell. The liberal organs, though announcing the "wreck of the Tory party," which is described as being "Hamlet" without the prince, nearly all agree in saying that Mr. Chamberlain's resignation does not mean a victory for free trade. "Though the man has gone," says the Star, "his policy remains." This is Mr. Chamberlain's Elba. He has yet to meet his Waterloo.

This is brought out by reports from Birmingham, where the powerful organization in favor of preferential tariffs is centered. There, though the resignation of the head and shoulders of the movement came as a great surprise, ceaseless activity prevails and it is announced that Mr. Chamberlain's previous arrangements for his campaign will all be carried out.

**Will Transfer Broderick.**  
London, Sept. 18.—The Associated Press learns there is good reason to believe that the report that War Secretary Broderick will be transferred to the Indian office is correct. The new cabinet is expected to meet within a fortnight.

## STORY OF A STORM ON THE DAY AFTER.

**Light-House Shifted From Its Foundation, and Supplies Ruined. Barge Flying Signal of Distress Was on Fire.**

Philadelphia, Pa., Sept. 18.—The barge, Bear Ridge, from this city for Newbury Port, Mass., was beached above the Delaware breakwater this morning, with fire in her engine room.

The barge at 2 a. m., displayed signals of distress and when tugs went to her assistance, she was found to be on fire. The barge was beached and water pumped into her. It is not known how badly the barge is damaged, but it is believed she will not prove a total loss. The government lighthouse keeper at the Harbor of Refuge, Delaware breakwater, came ashore this morning and reports that the lighthouse sustained much damage by Wednesday's storm. The keeper says the house was started, windows smashed and the entire house ruined. The supplies on hand were ruined by the salt water and the keeper was forced to come ashore for oil to keep the lights burning. The tender Zizana with supplies is on her way down the Delaware river.

Reports to the maritime exchange this morning are to the effect that a three masted schooner is at anchor at Rehoboth, Del., with her foremast gone and sails blown to ribbons.

**All on Board Lost.**  
Philadelphia, Pa., Sept. 18.—A despatch to the Maritime Exchange from Atlantic City says the Red Dragon was wrecked and probably all on board were lost. The little vessel started from Atlantic City on Tuesday for a long fishing cruise, having on board a party consisting of Captain J. Clark, John Swanson, wife and children, Sinbad Ducasse, and John Adams. The body of Captain Clark and another body supposed to be that of Ducasse washed ashore today and it is presumed the others were also drowned.

Another body supposed to be that of J. L. Swanson, is reported to have been washed ashore at Beach Haven, N. J. It is said John Adams, Mrs. Swanson and the latter's son and daughter, were also on the wrecked boat.

There is no hope that any of the party escaped drowning as it is regarded by seamen as unlikely that there could have been any attempt at rescue by passing vessels during the severe storm of Wednesday.

## A FEW SOLAR PLEXUS BLOWS.

Dresden Saxony, Sept. 18.—At today's session of the socialist congress Herr Von Volmar spoke for four hours in reply to Herr Bebel. The essence of his discourse was that there was no crisis in the party, except a personal crisis, Herr Bebel seeing with

grief his leadership in parliament threatened. Herr Bebel, the speaker added, spoke to the congress as Cromwell spoke to parliament and arrogated the right to judge and condemn motives. He desired to convert the party into a church with himself as supreme pontiff.

# JOHNSON WAS MET BY LARGE CROWDS.

## Delayed by Accident, Clarke Held Audience by Telling It, That When "Tom Promised to Do Anything, He Did It."

New Philadelphia, Sept. 17. (Special Correspondence).—This being most of the time democratic city in a closely democratic county, it was assumed that the meeting here would be a success and the speakers were prepared for a crowd. The outpouring exceeded all expectations. The tent was not "packed to suffocation" or anything resembling such a condition; there were between 5,000 and 6,000 people in. On the outside, however, there were nearly 3,000 more. The temperature was oppressive and those who remained on the outside for comfort's sake were able to hear about as well as those under the canvas. Senator Hurst, "Billy" Alberson and other leading democrats predict that, as a result of this meeting, judging from the size of the crowd and its temper, that the county will go democratic this fall by a majority several hundred larger than it has gone for years. Senator Clark came to the city by rail today while Mayor Johnson went down the Ohio river valley to Bridgeport in the "red devil," and then across the hills to Cadiz, Dennison, Urichville and New Philadelphia. Mr. Clarke opened the meeting in the mayor's absence, F. A. Alberson acting as chairman. Eight o'clock came and then 8:30 o'clock, but still the mayor failed to show up. Not a word had been heard from him during the day and the crowd which had gathered to see and hear him was becoming discouraged. "Mr. Johnson will be here, I vouch for that," remarked Mr. Clark several times. "Something may have happened to his machine down in the hills of Belmont, but he'll be here to make a speech tonight, if he has to walk in. When Mr. Johnson promises to do anything he does it." At just fifteen minutes of 9 o'clock the chug chug of the red devil was heard down the street. There were cheering hundreds all the way along the streets and when the mayor entered the tent Mr. Clark's speech was temporarily suspended, while the people rose and shouted. It was one of the best meetings of the campaign in spirit as well as in attendance. The "red devil" today covered between 75 and 80 miles of ground. At Bridgeport he arrived nearly two hours late, owing to the red devil's sparker having gone on a strike. Several hundred people had waited on the public square with a band, which started "Dixie Land" when the carmine flyer was sighted a mile away. "How did you folks know I was born down south," laughed the mayor as he pulled up. The band promptly answered with "My Old Kentucky Home." The enthusiasm of the crowd at Bridgeport caught the mayor and he violated his fifteen minute rule for outdoor talks by speaking for nearly three-quarters of an hour. The surprise of the day, however, was at Cadiz, the little city far famed for its wealth and the number of national banks it supports. When at Steubenville, Mayor Johnson said that he would probably go by way of Cadiz, reaching there about 3 o'clock, a Belmont county democrat telephoned the fact ahead. Cadiz was reached a little after 5 o'clock. "There won't be anybody expecting us so we will just stop long enough to give the machine a couple buckets of water and a gallon of gasoline," said the mayor. Much to the mayor's amazement when the red devil rushed up the hill and around the corner he faced a crowd of four or five hundred people. While it is probable most of them were republicans they proved to be one of the most hospitable people Mr. Johnson had met with in a long time. All crowded forward to take him by the hand and pay their respects. Then they forced him up on the hotel porch and would not be satisfied until they got a fifteen minute speech. The mayor was so pleased that he staid for supper and made the red devil work overtime on the last 33 miles, on dark roads, so as to reach this place before the meeting ended. It was a hair raising ride, but its purpose was accomplished.

# WORKED THEM TO HIGH PITCH.

## Members of Militia Volunteer Services to Macedonia Against Turkey.

Chicago, Sept. 18.—Many members of the Illinois militia have volunteered their services to Macedonia in the war against the Turks, according to a statement made by the local Macedonia relief committee. There was a lively meeting of Macedonians last night in the Second Baptist church. G. M. Tsilka, whose wife was captured with Miss Ellen Stone, stirred the audience with an account of the barbaric practices of the Turks, and he related instances of unprovoked cruelty of which he had been a witness. He denied the reports that the brigands who captured Miss Stone and Madame Tsilka were, allied to, or acting under the direction of the Macedonian revolutionary party. When the meeting adjourned, those present dropped their contributions in to the folds of the Macedonian flag, as it lay half unfurled at the door.

The price paid for the hull was not known, but it is believed that it was not far from \$7,000. **Employees in South Lima Interested In the Matter**

**Of Moving Huntington Shops to Marion.**

**Three Groceries Entered by Thieves, Who Were Particular.**

**Death of an Infant—Those Sick and Those Convalescent—Short Paragraphs of Interest to You.**

In talking with a Chicago & Erie employe this morning, it seems, from what he said, that the shops at Huntington, Ind., cannot be moved to Marion. He said one of the officials of the Erie claimed that the grounds were given them for shop purposes on condition that the shops be retained, and that if they were moved to Marion, Ohio, said grounds would revert back to former owners. This stipulation does not include the boiler and machine shops, which may be removed. The official says Marion is to be favored because it would even up the lengths of the Kent and Huntington divisions; the Kent division being only 98 miles long, while the distance from Gallon to Huntington is 148 miles. By making the change the west division would be 128 miles, and the one to the east 118 miles. He also said that it was only a matter of a few days when the division will be made which will take the shops, round house and everything from Gallon to Marion as the telegraph offices at Marion have been moved to the west end yards, and option has been secured on grounds necessary for the enlarging. This certainly looks as if a decision had been reached, and only lacks the official announcement.

**Home From Texas.**  
Employees of the Lima Locomotive & Machine works are today shaking hands with Joseph Hopper, who dropped in last night from Beaumont, Texas. Joe was formerly boss boiler maker at these works. He is located at Chicago.

**Three Stores Robbed.**  
Yesterday morning when Chris. Brookings opened up his grocery on St. Johns avenue and Vine street, he found the money drawer lying on the floor, the writing desk topsy-turvy, and the rear door open and hocked as if some one had been trying to make kindling wood of it. Further investigation showed that a pair of spectacles, a fine umbrella, shirts, socks, tobacco, cigars, and about 60 pennies had been taken.  
Jim Kelley's grocery on the other

corner had been entered, but the thief was probably frightened away, as nothing has been missed up to the present time.

The thief seems to have had it in for St. Johns avenue business men, as he went on down to the corner of Second street and St. Johns and entered the store of John W. Mahan by the rear door and proceeded to burst open the money drawer. He only got about 30 pennies here, however, and nothing else has been missed.

**Death of an Infant.**  
Yesterday afternoon at 3 o'clock, the two year old son of Mr. and Mrs. W. S. Plummer passed away. Little Orville was a victim of cholera infantum. The funeral was held at the residence, 724 south Union street, this afternoon at 2 o'clock.

**Near Death's Door.**  
Howard Noll, a young man of about twenty years of age, living with his parents, Stuart and Louisa Noll, 829 south Elizabeth street, is sinking rapidly, his physician having but little hope of his recovery. He is a victim of tuberculosis.

**No Tidings.**  
At the Dobbs home on Reece ave., it is learned that no tidings have been received from the prodigal son, Paul, who disappeared over a week ago. His parents still think he went west to join his brothers.

**Indian Territory or Bust.**  
A neighbor informed us this morning that Charles Davis, the popular Lake Erie & Western conductor, is storing his household goods and will leave for Indian Territory in a few days, where he has secured employment with a western railroad.

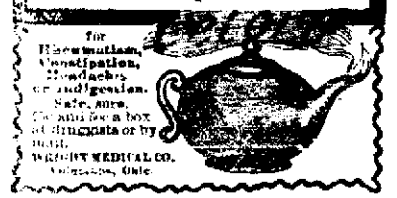

**For Winter Work.**  
The senior guild of Grace church will meet this evening at their rooms in the church, where arrangements for work the coming winter will be mapped out.

**Good News.**  
J. W. Gorham received word this morning that his niece, Miss Iva Baugher of Celina, is convalescing. Mr. Gorham's little daughter, Florence is again able to be about, having been ill from stomach trouble.

**Death Summons.**  
Mr. and Mrs. James C. Ashburn, of west Kibby street, have been called to Wapakoneta by a message announcing the death of Mr. Ashburn's father.

**Fire Boys Keep Warm.**  
Members of the south side department are bound to keep warm during this "fair" weather, and this winter. This morning they began a search through a lot of old junk in the garret, and brought to light an old stove that must have been in Noah's ark a few years ago—during the other flood—and now the thing of beauty adorns the waiting room. Owing to a scarcity of coal they will paint the isinglass red and imagine they have warmth.

**They Sold for a Trifle What Was Worth the Snug Sum of \$40,000.**

New York, Sept. 18.—Officials of a Bayonne, N. J. oil company, are chagrined over the discovery that they sold for \$1,800, a vessel full of oil and naphtha worth \$40,000. The steamer Maria took fire at the Bayonne plant two months ago, and was towed out in the bay to burn. It was thought that its cargo had been consumed in the blaze in which the lives of two men were lost. The Bayonne

concern offered the ship for sale, and when the buyers had cocked the supposed wreck a few hours later, it was found the valuable cargo had escaped destruction.

### HANDED OUT TWO HOT ONES.

Court Overruled Motion to Dismiss the Indictment Against Geo. W. Beavers.

New York, Sept. 18 — At the examination of George W. Beavers the indicted postal official charged with conspiracy with the Brandt Dent Mfg. Co. to defraud the government which was resumed today Commissioner Hitchcock announced that he had decided to overrule the motion made by the defense at the previous hearing to dismiss the proceedings because of the invalidity of the indictment. The defense contended that the indictment charged three separate and distinct offenses under one section of the federal statutes instead of one as provided by law. He also changed his ruling that the properly certified copy of the indictment returned in Brooklyn was sufficient evidence to make out a case of probable cause, and to warrant the return of the accused, properly identified, to the district where in the indictment was returned.

### ATTORNEY

For Beavers Charges Government With Shielding Some One.

It developed in the course of the examination and was admitted upon the record by District Attorney Burnett that subpoenas had been served by the defense upon District Attorney Youngs in Brooklyn and his stenographer, and a subpoena for the production of certain papers upon Postmaster General Payne, the defense stating that it wanted the government to make out its case before the district commissioner in New York in order that the defense might prove that Mr. Beavers had nothing whatever to do with the making of the contract between the government and the Brandt Dent Co.

We want to know whom the government seeks to shield by this indictment. We contend that if permitted to go into this case here that we will prove that there is not only a lack of probable cause to believe that a crime has been committed, but so far as Beavers is concerned, it is a case of absolute innocence and we hope to prove it. But for some reason the government seeks to suppress this evidence.

Attorney Burnett said the defendant had been indicted in the eastern district and would be given the opportunity to prove his innocence there in due time. Decisions were quoted to prove that there was no authority by which a commissioner could issue a subpoena for a person in another district. The government, he contended did not wish to do an injustice or take an unfair advantage, but if witnesses could be brought from all over the country on preliminary hearings it would block the wheel of justice.

## TERM

In the Illinois Pen-  
itentiary

Is Given Reed,

The Former Resident of  
This City.

Prisoner Is Identified as a  
Former Convict of the  
Ohio Pen.

While on the Witness Stand in  
Court He Confessed That He  
Was Guilty of the Crime  
of Bigamy.

H. C. Mills, alias Reed, who a few  
years ago, conducted a livery barn in  
this city has been sentenced to im-  
prisonment in the Illinois penitentiary  
on the charge of bigamy. Concerning  
the case, a dispatch from the Windy  
City says:

"Three young women who had called  
him husband rejoiced today when Her-  
old C. Mills was found guilty of big-  
amy by a jury in Judge Brentano's  
court and sentenced to an indeter-  
minate sentence in the penitentiary  
and a fine of \$1,000.

Each of the three shook hands  
each of the jurors and thanked him.  
Then 'let's watch him go to jail,' said  
one. The three hurried to the jail  
elevator scanned the convicted man  
and smiled sweetly as the guard  
hustled him into the cage.

On the witness stand Mills confessed  
to previous bigamous marriages in  
an effort to have his marriage to Miss  
Mary Butler of Detroit declared null.  
Attorney Blaney had sought to have  
the jury discharged upon the grounds  
that the state had not shown that  
the marriage to Miss Butler was legal.

Were you ever married before you  
were married to Miss Butler and was  
that marriage in existence at the  
time you married her? his attorney  
asked.

I was the husband of Sophia Head-  
ley of St. Louis I think at the time I  
married Miss Butler," answered Mills.

George S. Clow, superintendent of  
contracts at the Columbus Ohio Pen-  
itentiary gave Mills a black eye  
figuratively. He took the stand and  
positively identified the defendant as  
an ex-convict who had served at least  
two terms one of four years duration.  
Lawyer Blaney was inclined to ques-  
tion the identification, and hinted that  
Mr. Clow was mistaken. "Have you  
any description of the convict of  
whom you speak?" he asked.

Here is his photograph," responded  
Clow, delving into his pocket and pro-  
ducing the picture.

Thereupon the defense subsided.

## Students in County Win Favor By Exhibits Of Their Splendid Work With Pen and Ink.

### Many Districts Given Renown by Their Promising School Children.

### County Fair Badly Handicapped by Rain and Cold, But Exhibits Show the Institution Still in Favor.

Until this morning, when the sun came out in splendor, the differences that have existed for years between the weather man, and the fair board, bid fair never to be settled.

Even the consultation of the almanac by President John Amstutz could not prevent the rain for the first few days of the week, although there was great and unflinching faith in him as a weather abstrator by the other members of the fair board.

Two more perilous days than Wednesday and Thursday could not have been found anywhere in the zodiac but in spite of the foreboding conditions of the skies, and the unaccustomed cold, a good crowd from all parts of the county attended the annual show yesterday.

The horses. The field of horses entered for the races is the best ever known in this county, not even excepting the field of speedsters that shone here last week. But fast ones are not all the farmer or city man wishes to look at, so the opportunity is given the fair goer to scrutinize highly bred Normans and Percheron draft horses, and thoroughbreds whose long suit is in the line of roadsters.

When the eye tires of the best of all animals, it can shift to cattle, hogs, sheep, and poultry with peagrees long enough to entitle them to heraldr that would make Marlborough envious.

Art hall. Art hall is a dream, when taken by departments. There never was such a display of the manifold business interests of the county, as is shown there this year, and to add to the attractiveness of the place, the ladies have taken a hand in the presentation of beautiful china painting, and other handiwork, which only their deft fingers could accomplish.

Then of course, there is the big pumpkin, even that would make the Kansas farmer forget they had ever

raised the very backbone of the nation, in his grasshopper state, and jollies—you never saw so much of it in your life.

**Educational Exhibit.**  
Corn is all right in its place, as a backbone maker, but the real sinew of the country is found in the good, active, receptive brains of the youth, and anybody who thinks we haven't that kind in this county should visit the educational exhibit. There you will find the beautiful work of scholars, of Dis. No. 4, Richland Twp.; number 10, Jackson, number 4, Spencer; number 54 Monroe, and the public schools of Elida, Lafayette, Bluffton and Lima.

been ably assisted by Mr. Frank Beery of Monroe township, and Mrs. Frank Boone, who acted as secretary.

**Race Summary.**

In the mile and a quarter dash there was nothing to it but Nina B. L. She had been played the favorite in the down town pool selling and kept faith with her backers. Had the field been together they could scarcely have been seen on account of the shower of mud, but Nina B. L. got away good at the start and led the procession, which was well strung out. The time was 2.21, Brother Fred finishing second, Aquinas third and Irish Boy fourth.

Blue Satin was the favorite in the five-eighths heat race, and also made good. It was a good race to the eighth in the first heat, when the leader was soon moving away and kept increasing the distance to the finish. The second heat was much the same, although Blue Satin failed in the break away to get a commanding lead and had to be jockeyed. Once stretched out, however, the game was over and Blue Satin had the race won. Lady Lusk was second and Ferda third. Time—1:06½; 1:08.

**BRIGHTER PROMISE**

Of a Good Crowd for Today and Tomorrow.

Today the morning broke crisp and clear, with a slight evidence of Jack Frost, but the sun was in evidence, although not warm enough to relieve the visitors of wraps and overcoats. There was enough wind, however, to dry up the mud sufficient to make careful walking good, and about ten o'clock the street railroad company began delivering its loads of precious freight.

The school holiday released teachers and pupils, and many were present today although the free day for children tomorrow will bring many of them back again and promises an increased attendance.

There are many private exhibits among which is the Dairy Implement Co., manufacturing churns, separators.

**PENSIONERS**

Receiving Letters Advising Against Impostors.

Pensioners in this section of the country are receiving a circular letter from the department of the interior warning them against impostors who are working veterans for fees. It is in the form of a special notice and from the language in the note given in full here, the impostors must have been working on a large scale. Old soldiers reading this notice ought to be on their guard against the schemers, who are likely to be in this neighborhood.

The special notice reads as follows: Read carefully and preserve for future reference.

All persons employed by the Bureau of Pensions are paid for their services by the government of the United States and are not entitled to collect any money from any individual for performing their individual duties.

Any person who pretends to be an officer of the bureau and demands compensation for his alleged services in that behalf, is an impostor, and should be turned over to an officer of the law.

The object of this circular is to protect all persons having business with the bureau against the swindling impostors, who falsely claim to be officers of the government having power to grant pensions, arrears and increase and who collect money from their victims.

Genuine special examiners do not demand or receive any money.

Very respectfully,  
E. T. WARE, Commissioner.

**HORNS BLEW  
FOR DANGER.****Small Mountain River Suddenly Rises,  
and Forces Villagers to Flight.**

New York, Sept. 18.—A disaster in  
the shape of a storm has fallen upon  
this place, says a Herald despatch  
from Bad Gastein, a famous Alpine  
watering place in Austria. Snow fell  
on top of accumulated snow and then  
came a heavy rain and on both sides  
of the valley from the great ranges of  
mountains for miles came spouting  
forth turbulent torrents. The water  
from these rushed into the Aache, a  
small but rapidly flowing river, which  
runs through the center of the valley,  
and the mountain stream became a  
whirling mass of turbid water, rush-  
ing at such a rate that wherever it  
took a sharp turn, the danger threat-  
ened the banks.

The famous water fall which runs  
through the center of Bad Gastein be-  
came a thundering mass of furious  
water, roaring down its rocky bed,  
causing all the houses in the neigh-  
borhood to vibrate from its force.  
The climax came at 11 p. m., Thurs-

day. About that hour, the main street  
of the quiet town, where people retire  
early, resounded with the ominous  
sound of long, loud bugle calls, recog-  
nized in the neighborhood as the call  
of alarm, and the signal that assist-  
ance was badly needed. The citizens  
hurriedly dressed, and made for the  
street. The waterfall had increased  
to mighty proportions. Trees and  
great masses of wood came thundering  
along. Early in the evening, electric  
lights had gone out, and the upper  
bridge on the main road to Bockstein  
had fallen. A little later the one be-  
low the waterfall gave way.

The electric works which supply the  
city and Imperial hotel, were wrecked.  
The dynamo was washed into the bed  
of the torrent. All communication  
with the nearest stations, and Gas-  
tein, has been cut off, owing to the fall  
of the bridge, and the few visitors re-  
maining here are temporarily impris-  
oned.

**THERE IS TROUBLE  
IN NATIONAL GUARD.****Governor Nash Is Openly Charged With Playing  
Favorites for Politic's Sake. Possibility  
That Several Officers Will Resign.**

The following dispatch was sent out  
from Columbus, yesterday:

"In ill humor and making charges  
of favoritism and military politics,  
Col. Harry Mead and other officers of  
the Third Infantry left for home today  
after vainly endeavoring to persuade  
Gov. Nash to permit the Third to at-  
tend the United States army manue-  
vers at West Point, Ky.

Gov. Nash was obstinate, though Col.  
Mead, Major Deputy Capt. Leonard,  
Capt. Beckman, Capt. Heaven and  
Capt. Ewing put up a taking argument.  
They declared the enlisted men of the  
third were anxious to go at the gov-  
ernment per diem of 43 cents a day  
and that the regiment would not ask  
the state for a penny.

The governor held firmly to his

view that the whole National Guard  
ought not to be sent this year, but  
only one regiment and one battery. He  
had selected the Eighth infantry and  
battery A, as the cream of the guard,  
and best fitted to represent it, at least  
in appearance.

The Third's officers declared the  
government was favoring the Eighth,  
and was playing politics. They also  
declared all the guardsmen would com-  
bine to see to it that the legislature  
did not make an appropriation to pay  
the expenses of the Eighth. They de-  
clared it was nonsense to suppose the  
Eighth would need \$5,000 to \$10,000  
to go to West Point. The Third was  
willing to go at its own expense. There  
is a possibility that a number of of-  
ficers of the regiment will resign.

**SALEN MAKES OFFER  
TO CHAIRMAN DICK.****Will Join Republican Chairman in Convincing  
Public That Campaign Will Be Free From  
Corruption. Asks for Meeting.**

Chairman Charles P. Salen, of the  
democratic state executive committee,  
issued the following open letter to  
Chairman Dick, of the republican com-  
mittee, Thursday:

Columbus, O., Sept. 18, 1903.  
Hon. Chas. P. Dick,  
Chairman Republican State Execu-  
tive Committee, Columbus, Ohio:

Dear Sir:—Charges that the com-  
mittees and candidates of both parties  
would spend enormous sums of money  
in the pending campaign have been re-  
peatedly made. The democratic or-  
ganization will confine its expendi-  
tures to meetings, literature and the  
other proper expenditures incident to  
a campaign. I take it for granted

that the Republican organization con-  
templates pursuing the same course.  
In order that the public mind may be  
disabused of the suspicion that either  
party is resorting to corrupt methods  
in the use of money in the politics of  
the state, a suspicion which in itself  
is demoralizing to the people, I submit  
the following proposition for your ac-  
ceptance:

1. That each of us at this time  
agree by affidavit that every expendi-  
ture made by the respective state or-  
ganizations, or any agents thereof, in  
behalf of the election of the state  
ticket or legislative candidates shall  
on the republican side be first au-  
thorized by you, and on the democrat-  
ic side be me, and that all such ex-  
penditures shall be entered in detail in  
records to be maintained by each.

2. That each at this time agree by  
affidavit that all receipts of moneys by

skin, even when all other medicines fail. At drug-  
stores. John. Johnson, Holloway & Co., Philadelphia.

the state organization, or any of its  
agents, be entered in such record,  
giving the names and addresses of the  
donors and the amounts given.

3. That on the Saturday preceding  
the election each of us issue a sworn  
statement showing all of such re-  
ceipts and expenditures in detail, and  
on Sunday publish such statements in  
all of the daily newspapers of the  
state.

4. That such statements be accom-  
panied by the sworn statements of the  
respective candidates for governor  
and United States senator, setting  
forth in detail all of the moneys ex-  
pended by them and to whom paid, in  
connection with the state and legisla-  
tive campaigns, as well as all moneys  
known to have been expended or paid  
out by any agents or friends of such  
candidates.

The democratic state executive com-  
mittee believes that the people of  
Ohio have a right to ascertain these  
facts before voting for the candidate  
of either party. The acceptance of  
this proposition by you will be an as-  
surance of a campaign free from all  
corrupting influences. I sincerely  
hope that you will see fit to enter into  
the agreement, and I will be pleased  
to meet you at any time this week to  
draft the sworn statements and de-  
termine all details for the faithful ful-  
fillment thereof.

Hoping to hear from you very soon,  
I am, respectfully,

CHAS. P. SALEN,  
Chairman Democratic State Execu-  
tive Committee.

**NOTED PUBLISHERS****ELECTED OFFICERS.**

New York, Sept. 18.—The board of  
directors of the Associated Press met  
in this city and elected the fol-  
lowing officers:

President, Frank B. Noyes, of the  
Chicago Record-Herald; first vice  
president, E. B. Haskell, of the Bos-  
ton Herald; second vice president, J.  
H. Estelle, of the Savannah News, as-  
sistant secretary Chas. S. Deihl; treas-  
urer, Valentine P. Snyder; manager,  
M. E. Stone.

The executive committee named is  
Frank B. Noyes and Victor F. Jack-  
son, of Chicago; Chas. W. Knapp, of  
St. Louis; Whitelaw Reid, of New  
York, and Chas. H. Grasty, of Bos-  
ton. The vacancy on the board of  
directors caused by the resignation of  
Stephen O'Meara, of Boston, was filled  
at the annual meeting by the election  
of A. P. Langley of the Springfield,  
Mass., Union, and the other four di-  
rectors whose terms expired, were re-  
elected.

**Emergency Medicines.**

It is a great convenience to have at  
hand reliable remedies for use in  
cases of accident and for slight in-  
juries and ailments. A good liniment  
and one that is fast becoming a fa-  
vorite if not a household necessity is  
Chamberlain's Pain Balm. By apply-  
ing it promptly to a cut, bruise or  
burn it allays the pain and causes the  
injury to heal in about one-third the  
time usually required, and as it is an  
antiseptic it prevents any danger of  
blood poisoning. When Pain Balm is  
kept at hand a sprain may be treated  
before inflammation sets in, which in-  
sures a quick recovery. For sale by  
all druggists.

**WILL COURT MARTIAL****AND GIVE HIM UP.**

Pittsburg, Pa., Sept. 18.—The sentry  
at the Allegheny arsenal who shot and  
killed Wm. H. Crowley, last Thursday,  
will be first tried by court martial then  
turned over to whatever branch of the  
civil authority that may be determined  
upon later. This conclusion was reached  
this morning after a consultation  
between Captain Groto Hutcheson, U.  
S. Attorney Young and District Attor-  
ney Haymaker.

Captain Hutcheson in a statement  
issued today said:  
"There is no desire to shield the  
soldier nor to thwart civil authority  
from a full and complete investigation  
of the shooting of Crowley, but in  
view of the doubt of amenability of the  
soldier the military authorities desire  
to take the case up at once and con-  
clude their part of the inquiry."

tract of Wild Strawberry has been

diarrhoea, bloody flux, pain in the  
stomach, and it has never yet failed  
to do everything claimed for it.

**MERCURY  
A POOR CRUTCH.**

Experience is a dear teacher, as those who pin their  
faith to Mercury find out sooner or later. This power-  
ful poison combined with Potash, is the treatment gen-  
erally prescribed for Contagious Blood Poison, but failure  
and disappointment is the invariable result. These min-  
erals drive in the sores and eruptions, and apparently the  
disease is gone and the patient believes the cure perma-  
nent, but soon learns better when the old symptoms  
return almost as soon as the treatment is left off. You  
must either keep the system saturated with mercury or endure the tortures  
of sore mouth, ulcerated throat and the mortification that one naturally  
feels when the body is covered with disgusting sores, rashes, copper-colored  
spitchoes and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks  
down the constitution, ruins the digestion and causes the bones to decay.  
S. S. S., a guaranteed purely vegetable remedy, is the  
only antidote for Contagious Blood Poison. It de-  
stroys every atom of the deadly virus, overcomes the  
bad effects of the mercury and cleanses the blood and  
system so thoroughly that never after are any signs  
of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is inter-  
esting and contains full directions for treating yourself at home. Medical  
advice or any special information desired given without charge.

## TWO

Bids But Only One Bidder

## Is the Status

Of the Circular Street Proposition.

Bids Were Opened by Board of Public Service at Noon Today.

Proposals Were Submitted by the Ayers Asphalt Paving Co. and Barber Asphalt Paving Co.

In accordance with the advertisement of the proposed improvement, the board of public service at noon today, received and opened bids for the paving of west Circular street with sheet asphalt. Only two bids were received and if the board awards the contract without re-advertising the work is a "cinch" for the Asphalt Trust. To all appearances there was no competition in the bidding for the bidders were the Ayers Asphalt Paving Co., and the Barber Asphalt Paving Co., and it is well known fact that the former company has been absorbed by the Barber people.

The engineer's estimate on the cost of the improvement aggregates \$1,700. The Barber Asphalt Co.'s bid aggregates a total of \$6,560, and Mr. Ayers bid has a total of \$6,450. The board has not yet awarded a contract for the work.

For Steam Heating. The board of public service has also received bids for the fitting up of the city building with pipes and radiators for steam heating. There were five bids received, the bidders and the totals of their proposals being as follows:

Lima Electric Light Co.	\$ 997.80
C. C. Cowles	1,958.00
D. L. Bowers & Co.	900.00
J. M. McVey	1,000.00
Cowles & Wood	903.00

The board has not yet awarded a contract for this work, there being one section of the specifications not clearly complied with in the lowest bid.
